GREETINGS!!

This is the inaugural issue of our Glad Tidings 3AM Bi-monthly newsletter. We have been greatly humbled as we have seen the Lord's mighty hand at work in behalf of our feeble efforts to get the "present truth" for this time before the masses. As the ministry has grown and has been able to be planted on a more solid foundation both in its consistency and economic viability, we have seen it necessary not to delay in the publication of a newsletter. We are eternally grateful to you our supporters who have helped us, both by your prayers and financial contributions, for without these means, the ministry would not be able to function. We pray this newsletter allows you to stay in more ready contact with us and give you a bird's eye view as to the plans the Lord has for Glad Tidings 3AM and how you can support the work God is doing through our humble instrumentality.

Health and Temperance (Godly Trust)

The proper maintenance of the somatic structure (the human body) is of vital importance as it relates to our present happiness here and hereafter; and for the Glory of God and His work here on earth. With this in mind, the enemy of souls has sought to do all in his power to cause us as human beings and particularly God's people, to destroy our body temples, thus ensuring his victory over us and the full and utter corruption of the world. In order to combat this tide of evil, it is of critical moment that the internal resolve be made by every person with intelligence, to do all they can to maintain in proper working order the body to which they have been given and this starts with a firm trust in God. It is to be sadly lamented that many of us are aware to a greater or less degree of the laws of health and the importance of keeping them but we have unfortunately been very indolent and lethargic in our attempts to keep these sacred precepts. Christ has already promised, "Fear thou not; for I am with thee: be not dismayed for I am thy God: I will strengthen thee; yea, I will help thee; yea, I will uphold thee with the right hand of my righteousness." Isaiah 41:10. With this promise in mind, we have already been assured of strength to fight against our hereditary and cultivated tendencies to the violation of the laws of our body and any law of Jehovah, all Christ is asking for is a humble yet hardy cooperation with the agencies sent forth to fight in our behalf. "Ye are laborers together with God." 1 Corinthians 3:9 Peace of mind and contentment has been promised to the faithful and obedient child of God, may we claim this Rest as our own. "Thou wilt keep him in perfect peace whose mind is stayed on thee: because he trusteth in thee." Isaiah 26:3

Current Events (Is it an Event?)

It takes no prophets eye to discern that our world is in a current state of serious agitation. From high and low, to rich and poor, both the sacred and the profane can see that portentous signs are thickening round, that world is on the cusp of solemn and thrilling events. To those of us who look for the imminent return of our Lord and Saviour, the current state of political and social upheaval in society, especially in America, the blurring of male and female distinctions the ongoing war in Ukraine, and wars of conquest elsewhere, and the overwhelming spiritual stagnancy of the church at large, all point to the fact of Christ's words regarding His second coming, are hastening to rapid fulfillment, "This generation shall not pass, till all these things be fulfilled." Matthew 24:34 Though i is true that things are taking place at this time that have never been witnessed through the vast extent of human civilization; the Bible describes in Revelation 7:1-3 that Heaven is not waiting for the revealing of the Anti-Christ, nor the United Nations, the World Economic Forum, Freemasonry, nor any other dark esoteric organization in order to come back the second time. Christ is simply waiting for the development of His character in His people. "When the Lord shall build up Zion, he shall appear in His glory." Psalm 102:16 As a result of the spiritual declension of so many of us as church members, especially as it is revealed in a lack of fervent soul winning, many are looking to "events", as opposed t focusing on God's work, in order to have their spiritual energies aroused. Heaven is looking for zealous, yet calm and well-balanced individuals in these last days to finish what has taken far too many years to fully bring to completion. Future newsletter will highlight many things taking place in our world but let our focus be on "getting the work done" as opposed to waiting for an event to give us a "spiritua effervescence".

"When the fruit is brought forth, immediately he putteth in the sickle, because the harvest is come." Christ is waiting with longing desire for the manifestation of Himself in His church. When the character of Christ shall be perfectly reproduced in His people, then He will come to claim them as His own." (Christ Object Lessons, pg. 69.1)
