“And the ten horns which thou sawest are ten kings, which have received no kingdom as yet; but receive power as kings one hour with the beast. These have one mind, and shall give their power and strength unto the beast. “What captures the unwavering attention of the “secular leaders” of the world in this remarkable network of the Roman Catholic Church is precisely the fact that it places at the personal disposal of the Pope....a supernational, supracontinental, supra-trade-bloc structure that is so built and oriented that if tomorrow or next week, by a sudden miracle, a one-world government were established, the Church would not have to undergo any essential structural change in order to retain its 1} dominant position and 2} to further its global aims. For the final analysis, John Paul II as the claimant Vicar of Christ does not claim to be the ultimate court of judgement on the society of states as a society. At his most specific, however, he insists that men have no reliable hope of creating a viable geopolitical system unless it is on the basis of “Roman Catholic Christianity.” {The Keys of this Blood, pg. 142, 143, 375, 492}

"The public is practically unaware of the overwhelming responsibility carried by the Vatican and its Jesuits in the start of the two world wars -- a situation which may be explained in part by the gigantic finances at the disposition of the Vatican and its Jesuits, giving them power in so many spheres, especially since the last conflict. In fact, the part they took in those tragic events has hardly been mentioned until the present time, except by apologists eager to disguise it. It is with the aim of rectifying this and establishing the true facts that we present in this and other books the political activity of the Vatican during the contemporary -- activity which mutually concerns the Jesuits. This study is based on irrefutable archive documents, publications from well-known political personalities, diplomats, ambassadors and eminent writers, most of whom are Catholics, even attested by the imprimatur.“ {The Secret History of the Jesuits}
